PROFILE

Hi, I'm Zaeem and if you're reading this, you're probably eager to know how I may be a great fit for your company! I am currently pursuing a career in IT, with a strong foundation in computer science and a passion for technology that has driven me since a young age. With hands-on experience in programming, software development, and cloud computing, I bring a blend of technical skills and problem-solving abilities that make me a valuable asset to any team. I am eager to contribute to innovative projects and help drive the success of your company. My goal is to continually grow in the IT sector, developing expertise in software engineering, cloud solutions, and emerging technologies like AI. I aim to achieve certifications, take on leadership roles, and contribute to innovative projects that shape the future of technology.
